

May 31, 2023

To our dearest NPUSA Nakama in Guam,

On behalf of the entire Naturally Plus Family, we are completely saddened by the devastating effects of Typhoon Mawar that hit the island you call home, during the week of May 24.

Our deepest sympathies go out to the injured and their loved ones and to the homes and businesses damaged in the aftermath of the typhoon.

Our eternal gratitude goes out to the numerous emergency services, security guards, families and friends for their selfless acts of support while trying to help those in need.

While you move forward to repair, rebuild and recuperate, Naturally Plus wishes to show you support by removing any concerns regarding your commission payouts due to shipping delays as a result of the typhoon. Rather than waiting for the ship date, your commissions will be paid out regardless, without delay. Additionally, for those of you who placed orders in April, we will send you a complimentary case of IZUMIO.

To our Naturally Plus Guam nakama, we cannot thank you enough for your bravery and perseverance during these hard times.

Wishing you the best,

Takashi Tajima

CEO, NPJP, NPUSA, NPPH
